

Hi everyone,

I was recently interviewed by Phyllis Furumoto, Mrs Takata's grand-daughter, for two one-hour radio programs about Reiki and Science. They will air online on Thursday July 1 and 8 at 1 pm Pacific time (8 hrs behind London time) at www.reikitalkshow.com. Right now there is no notification of the programs on the website but Phyllis said they will be up there very soon.

If you can't make those times you will be able to click on Archives and download the programs so you can listen whenever you want.

Hope you enjoy the shows!

Ann Baldwin, PhD (Physiology)
Usui Reiki Master
